PROFESSIONAL SUMMARY

Dedicated and empathetic General Practitioner with 3 years of hands-on experience in primary care. Highly skilled in diagnosing acute and chronic illnesses, managing long-term conditions (such as diabetes and hypertension), and executing preventive health strategies. Known for fostering strong doctor-patient relationships and delivering culturally competent care.

CORE CLINICAL SKILLS

Primary & Acute Care: Adult, pediatric, and geriatric primary care.
Chronic Disease Management: Hypertension, Type 2 Diabetes, Asthma, and Hypothyroidism.
Diagnostic Expertise: EKG interpretation, spirometry, and point-of-care lab testing.
Minor Procedures: Suturing, incision and drainage (I&D;), wound care, and skin lesion biopsies.
Patient Education & Preventative Medicine: Lifestyle counseling and vaccination protocols.

PROFESSIONAL EXPERIENCE

General Practitioner | Aum Multispeciality Clinic & Polyclinic — Rajkot, Gujarat

June 2023 – Present

Provide comprehensive, day-to-day primary medical care to an active patient roster of over 2,000 individuals.

Conduct 35 to 45 patient consultations daily, performing thorough clinical assessments, diagnostic evaluations, and targeted treatment plans.

Manage and monitor chronic conditions, adjusting treatment dosages and therapy pathways to optimize patient outcomes.

Performed minor office surgeries and procedures, including primary wound closure (suturing), skin lesion biopsies, and abscess drainage, maintaining 100% infection control compliance.

Led local health and wellness workshops, increasing clinic attendance for routine check-ups and preventative screenings by 20%.

Junior Medical Officer | Sterling City Hospital — Ahmedabad, Gujarat

May 2022 – May 2023

Assisted senior physicians and consultants in the Emergency and Outpatient (OPD) departments. Maintained detailed electronic medical records (EMR) and coordinated rapid patient triaging during high-volume periods.

Handled basic trauma management, asthma exacerbations, and acute cardiac symptoms prior to specialist intervention.

Actively communicated with patients and family members regarding medical progress, diagnosis, and discharge planning.
